

Press release

For immediate release

Shawinigan, January 13, 2010 - Nirvana Heat Pump inc. and Métrinox Produits de piscine are pleased to announce the signing of a distribution agreement for the Nirvana and Trydent heat pump product lines. The duration of the agreement is for several years and covers the territories of Quebec and the Maritimes. “We are very pleased to have Métrinox as a partner as they bring expertise and credibility», says Michel Lesage, President of Nirvana. This agreement will enable Nirvana to consolidate its position in Quebec and Maritimes markets.

Métrinox has acquired a solid expertise and an extremely enviable reputation in the pool industry over the years. This new partnership is in line with our development plan that started in 2007 and will allow us to continue our development efforts in other markets” says Mr. Lesage.

Founded more than 25 years ago, Métrinox Produits de piscine is proud to support the development of a Quebec based company. Mr. Denis Sauvageau, President of Métrinox mentioned; “this agreement binding our two groups is based on shared values, the fact that Nirvana Heat Pump develops and builds their products in Quebec was a big factor in our decision. Their products respect high standards of quality in an éco-energetic environment marketing approach that is important to our

company. The work accomplished by their management over the last years ensures us that this partnership will be good for both parties.”

Nirvana Heat Pump inc. develops and manufactures high efficiency thermodynamic products for residential and commercial use. Manufactured in Shawinigan, Quebec, the Nirvana product line counts several particular characteristics of which its fiberglass cabinet is unique on the market. The Nirvana brand is sold in Canada, the United States, France, England, Mexico and Spain. Several other countries are under development as well.
